CHRISTMAS TREES FOR SCHOOLS

Ashton Burkinshaw branches are providing Christmas trees for local primary schools in the run up to Christmas.

The local residential property letting specialist, with thirteen branches across Kent and Sussex, has offered local primary schools in towns where it has an office a Christmas tree decorated with specially commissioned “ab” silver apple baubles.

St Benedict’s RC Primary School in Lordswood, Chatham was one the first schools to accept a Christmas tree. The pupils had great fun decorating the tree, which now takes pride of place in the school’s assembly hall for everyone to see.

This is the latest community initiative by the company who earlier in the year involved local primary schools in a design a ‘To Let’ board competition. The competition was a huge success and underlined the importance of individual branches supporting their local community. The children enjoyed creating their works of art and Ashton Burkinshaw got a newly designed “To Let’ board in the process which was used to advertise every available Ashton Burkinshaw property throughout the southeast.

“We hope that the Christmas trees will provide the main focal point for Christmas celebrations in the school, and will give the children and school staff some festive excitement!” says Graham Harrison, Chief Executive.
